

February 6, 2011

Greetings!

I'm happy to be writing my first communication to you as Sunday School Coordinator. To start with, I would like to thank everyone who has helped with our Sunday School in the past, especially Lisa and Karen for their leadership over the past year.

Secondly, I would like to encourage everyone to get involved with our program. We have over twenty youth attending on a regular basis. They are an awesome group of enthusiastic and engaged kids!

Terry and I are in the process of renewing the curriculum. We completed our unit on Baptism today. Over the next month the older kids will be completing a unit on the Bible. We are hoping to add new elements to the curriculum, such as music, to provide the kids with more variety.

Currently, due to a lack of volunteers we are running only two groups. The first group is for JK to Grade 3, and the second is for Grade 4 and up. We would like to give the grade 4-6 their own class and that is the goal we are working toward.

Right now we need to build up our volunteer base. I encourage any parents to get involved. If you don't feel you can commit to teaching, try staying to assist some Sunday. I am also happy to help volunteers with lesson planning.

Please come to me with your ideas and suggestions regarding anything to do with Sunday School. If you have any questions you can email me at butlerbr@cogeco.ca or phone at (905) 469-1264.

Sincerely,

Brenda
